#### Addenda for RR 185/6, page 9 (cont'd)

from Mort Savada, Harrison N.Y.  
L-171 ----  
Mort provides take 1 for 16314 ("The Lion and Albert") and take 1 for 16315 ("Three Ha'pence a foot") - both titles by Stanley Holloway.

And Otto Graham of Altoona Florida has the following: He verifies the takes provided by Mort for L-171 - with the following additional comments.

"Almost certainly renumbered UK masters. Same pairing on COL(Canada) C15175 - I have C15177 and C15179 both pressed from UK masters -and both with same pianist. ARC did assign their own numbers to UK masters when used -and it seems unlikely that Holloway and Charles would be brought to N.Y. for one private label record. These sides MAY be dubbed: in which case the date is a dubbing date!"

and again from Lou Pyritz Menasha Wisconsin.  
L-172 ----  
Snuggled in Your Arms "Si petite" / Without You "Sans toi" both in French by Lucienne Boyer (Both titles are also listed on Englis Columbia DB.1385) I presume even though the titles are the same, they would possibly be different recordings. We have to check the matrices of each disc to be sure. But in the same above-mentioned listing is another pairing of titles, this time on English Columbia DB1328 and Liberty Music Shop L.169.

from Jack Raymond, Falls Church VA.  
L-173 ----  
You asked for the takes of Lucienne Boyer!  
"Moi j'crache dans l'eau" L-4180 is take 1  
"Tourne et vire" L-4175 is take 4  
On both sides, there is a "2" on opposite side of holo. Maybe this indicates the take number.

L-174 ----  
"J'ai laisse mon coeur" L-4174-3  
"Parle moi d'autre chose" L-4179-1  
On both sides there's a "2" in the wax.

#### Addenda for RR 187/8, page 9

from Tom Kelly, St.Louis MO.  
L-181 ----  
Composer credits are given on label simply as "Fletcher", not "Bruz Fletcher".

from Jack Raymond, Falls Church VA.  
L-185 ----  
I have a copy of L-185 (Lewine and Lewis). They are from Victor masters 94170 (I Know That You Know) and 94171(I've Got It Again). There don't seem to be any take numbers.

from Richard Warren of Yale University  
L-187 ----  
Our copy of Berman & Baum "Jubilee Medley pt.2" has a master number of 60118 AA

and more from Jack!  
L-188 ----  
It's definitely "Hottentot," not "Hottentate."  
(Ethel Waters 95605-1)

L-189 ----  
I have two copies of L-189. On one of them, "Mother Told Me So" is master 60120A, and on the other it's 60120B. The master numbers are stamped quite differently in the two copies. Beatrice Lillie did two takes which verifies the take listing of B in the Entertainment discography.

from Steve Barr, Toronto Canada  
L-190 ----  
data as follows: Jimmie Rodgers  
A-60159-A (Decca) Men About Town)  
B-60160-B " Cellini (The Menace of Venice)  
accomp. is piano (his own?), estimated recording date 11-25-35

and from Bill Frase, Minneapolis MN.  
L-193 ----  
Artist credit, Jimmy Rogers  
Mx 60160-A CELAUNI(rest of title as you list does not show). Mx in wax as 20120-A

Another from Richard Warren  
L-198 both sides from "New Faces"  
You Better Go Now (Reichner-Graham)  
My Last Affair (Haven Johnson (perhaps a hyphen is missing between the two names))

(to be continued)

## (cont'd from RR 215/6) **TEX RITTER** THE COMPLETE CAPITOL DISCOGRAPHY By D. TOBORG PART THREE 1962 to 1973

PART 1 (1942 to 1952) appeared in RR 163/4 and  
PART 2 (1953 to 1961) appeared in RR 179 thru RR 188

There are some Capitol prefixes which may need some clarification. T is the monaural LP listing. (S)T means it was released in both mono and stereo. (D)T is Duophonic sound recordings released in both mono and stereo. ST means it was only released in stereo. EAP is the Extended Play code as regards 45 EP recordings. Some of the multi artist LPs have the number of records identified within the prefix. STBB is a 2 record set and STFL is a 6 record set. PROM is the promotional code. I am almost certain that there are promotional releases of all recordings but we have only listed those promotional recordings which have become known to us.

Corrections and additions are welcome especially as far as Nelson and Gillette unverified release numbers goes.  
(send this info. to RR, att: Len)

The footnotes on the following research refer to these numbers:

- (1) On Ken Nelson's list unverified by us.
- (2) On Lee Gillette's list unverified by us.
- (3) On Ken Nelson's and Lee Gillette's lists unverified by us.
- (4) We believe this to be an alternate take.

## (cont'd from RR 215/6) **BEHIND THE COBWEBS**

This Label of The Month originally appeared in Kendziora's Behind The Cobwebs column in the Record Changer issue of Vol. 14, No. 3, early 1955.

Label of the Month: An apparently short-lived label which appeared in 1920 is our entry this month. The label is *Arrow*. One shown is *Arrow* 512 which couples *Bedouin Love Song* (304) with *Rocked In The Cradle Of The Deep* (302), both by W. Glenn, basso with orchestra. The label is black with all printing in gold. Credit at the bottom is to Arrow Phonograph Corp., New York. Our illustration is the only specimen seen to date and belongs to Perry Armagnac.

We can offer some data about the label and its producer. In the December 1919 issue of *Talking Machine Journal* an ad appeared announcing a forthcoming "New Lateral Record" made by the Liberty Phonograph Company with executive offices at 1836 Euclid Ave., Cleveland, Ohio, and laboratory at 16-18 W. 39th St., New York City. In the March 1920 issue another ad announced the new record, named *Arrow*, and listed numbers 501 through 512. Company credit at the bottom of this and later ads was: Arrow Phonograph Corp. (formerly Liberty Phonograph Co.), 1836 Euclid Ave., Cleveland. Laboratory, 16-18 W. 39th St., New York. In April 1920 another ad listed numbers 513 through 518. Next month's ad repeated a listing of all 18 issues and after that no more is to be heard from Arrow nec Liberty.

To date, we have not established whether the *Arrow* issues are masters from any other labels or their own recordings. If the latter, we have not yet found out if their masters reached other outlets. Most of the 18 *Arrows* listed seem devoid of jazz interest. Six sides do, however, appear possibly to be of jazz content. These are *Arrow* 502, *At The Jazz Band Hall/Bluin' The Blues*; *Arrow* 503, *Slim Trombone/My Lovin' Eskimo*; *Arrow* 504, *Lassus Trombone/Beale Street Blues*. All these titles are by the Futurist Jazz Band. If *Arrow* masters are from other label's masters, the possibility exists that these may be Synco Jazz Band sides from *Pathe*. Some of the same titles are on that label by the Synco group. Also the Jazzazza Jazz Band on *Operaphone* and related labels shows some of these titles as well. We believe that most (if not all) sides on *Operaphone* are actually from *Pathe* anyway

and so they may all be by the Synco outfit. We also have the title *Bluin' The Blues* on Arto 9003 as by the Synco Jazz Band which may or may not be the same as versions of that tune on other labels. If not, this is another possible source of the *Arrow* issues.

So much conjecture is unavoidable since the records in question are not readily available for comparison and we must speculate until we find copies of some of these records to compare aurally. If any of our readers have been able to do so we would very much like to hear from them as to what results the comparisons revealed.

Here is the first complete listing of the recorded works of Hubert Prior Vallee, one of America's most versatile and accomplished entertainers.

Tracing a career that spans over five decades, Kiner chronicles Vallee's work from its infancy in 1921 through his most popular era in the late 1920s and early 1930s into the war years of the 1940s and on into the next thirty years. All known Vallee recordings that were ever issued or intended for issue as commercial releases are listed. Also included are unissued recordings, private recordings, radio broadcasts and soundtracks, as well as "private issues" that were produced in sizable quantities. Each entry contains as complete a citation of a disc's production as possible, including: date, type, and location of performance; orchestral accompaniment with number of instruments and vocalist; song title and songwriter's name; and record size/rpm/label name, catalog number/matrix number, and take designation.

The book contains illustrations, a preface by the artist himself, as well as indexes for Vallee songs, 78 rpm single records, LP records, conductors, costars, musicians who worked in the Connecticut Yankees, and his motion pictures and radio series. All are published here for the first time.

This first complete discography of Rudy Vallee's recordings will be of great interest to both fans and collectors of American popular music.

Al Jolson first appeared on the Broadway stage in 1911, after having crisscrossed the country on the vaudeville circuit since before the turn of the century. A smashing success, he was signed to his first recording contract, and from then until his death he recorded hit after hit. At the apex of his career, in 1927, he appeared in "The Jazz Singer," in a role that immortalized him and signaled a revolution in Hollywood. The Depression and the advent of radio brought about a decline in Jolson's popularity. After World War II, the movie "The Jolson Story" laid the groundwork for a comeback that rocketed Jolson back to the top of his profession. When he died in October 1950, his fans, fearing his records would disappear forever from the catalogs, besieged record shops. However, Jolson's recording career was just beginning. Today, more than three decades later, literally dozens of LPs of the man's work, including studio recording sessions, radio broadcasts, movie soundtracks, and hour upon hour of previously unheard performances are available to fans and collectors. "The world's greatest entertainer," as Jolson was billed, is still a most sought-after commodity.

In THE AL JOLSON DISCOGRAPHY, Larry F. Kiner has put together the complete discography of all known recordings ever offered for sale commercially or recorded for a commercial company and as yet unissued. This volume covers forty years of recordings by the number one entertainer of American popular music. Complete data on recording dates, locations, titles, songwriters, accompaniment, record sizes and speeds, catalog numbers, label names, and the like are given. Indexes to songs, LP albums, single records, conductors, co-stars, motion pictures, and radio series are also provided.

THE AL JOLSON DISCOGRAPHY is a must addition to music libraries, to Jolson collectors, and to collectors of Americana. Students of popular music and of the recording of stage and film will find it a valuable guide to an era.

LARRY F. KINER has made a career as a writer specializing in electronics and American discography. His articles have appeared in 73, POPULAR ELECTRONICS, and other trade periodicals, as well as in THEME, AMERICAN DISCOPHILE, and similar publications.

## TRINIDAD'S CALYPSO AND THE PHONOGRAPH RECORD

by DONALD R. HILL

Most observers define calypso as the carnival music of Trinidad. Usually sung in English, some calypsos are sung in French Patois. Although most calypsonians hail from Trinidad, some were born elsewhere, especially in Grenada or Guyana. To be a calypso a song must be sung for the carnival 'tent' (theater) in Trinidad. Virtually any song becomes 'calypso' when this "requirement" is met.

Since 1912 calypso has been recorded by American phonograph companies and since the 1930s, by the British. The first calypso on record has been called 'classic', that recorded in the 1920s and 1930s.

However, even before the classic era calypso was put on wax. On June 20, 1912 in New York City, Lovey's Band from Trinidad recorded the first Black 'hot' music from any English speaking country (Cuban hot music had been recorded a decade earlier and Jim Europe recorded later that year).

On September 3, 1914 Lionel Belasco, a Trinidadian of Black and Sephardic Jewish descent, recorded piano solos in Trinidad.

Eight days later Julian Whiterose became the first calypsonian to record. More vocal calypso wasn't recorded until the early 1920s, when the vaudeville music of Johnny Walker and Phil Madison were recorded in New York. Later in the decade came the first efforts of that great New York based Trinidadian, Wilmoth Houdini. His first sides had Gerald Clark on guitar, Cyril Monroe on violin, and the ubiquitous Belasco on piano. These songs represent the first vocal calypsos which generally turn up in record collections, although at least one side each by Whiterose and Jules Sims (who recorded "kalindas" or stickfighter songs) has recently been found. Sam Manning, a vaudvillian and singer of calypsos who, although probably born in Trinidad, apparently never sang in the calypso 'tents' (shows) and hence, must be regarded as a 'singer of calypsos' and not a calypsonian ('mait' kaiso).

In the early 1930s Houdini's near hegemony on recorded calypso was broken by a new wave of singers from Trinidad. Atilla the Hun and The Roaring Lion began the flood: the 'Grand Old Man' of calypso, Lord Executor, The Growling Tiger (the calypsonians' calypsonian), The Destroyer, and Lord Invader were some of those

who followed, recording both in New York and Trinidad for Decca, Bluebird, or ARC.

The Second World War and the rise of the post war singers (Melody, Spoiler, Sparrow, and of course, the first of this new era, Lord Kitchener) were to take the place of the classic singers.

At last a dozen or so scholars are researching the classic era in great detail. J.D. Elder started the ball rolling. Errol Hill 'single handedly' ran down and had published Atilla's life story. Gordon Rohlehr is the greatest authority on nineteenth century calypso. John Cowley has, among other things, noted a trip Manning took to Jamaica and, with Belasco, another to England in the 1930s. Dick Spottswood has compiled a comprehensive discography of all known recordings of the era. Steve Shapiro has researched the activities of the record companies in Trinidad and has interviewed Tiger extensively. Lise Winer, a linguist trained in Trinidad, has transcribed song texts directly from the records. Hewitt Pantaleoni has transcribed the songs. Keith Warner of Howard University has written the only book-length account of calypso from the 1950s to the present.

My contribution has been to tie together the efforts of these scholars in a readable form. I have also obtained many original, unpublished interviews with Belasco and others (one in particular is over 125 typed pages). These data, covering both Patois calypso and English calypso, from 1784 to 1950 (centering on 1900-1945), have been written in book-form. The manuscript is being considered for publication by a major university press. I ask RR readers to loan me photographs, tapes of records, throwaways, and any other 'ephemerada' covering this era to enhance this project, as I am having difficulty finding good photographs. You GIs out there that were stationed in Trinidad during the War, contact me! Trinis and Jamaicans in England who know about the 1920s and 1930s, contact Cowley! Let's get this story as complete as possible! Please write or phone

## FATS DOMINO

FATS DOMINO — Not since the early days of Satchmo, Kid Ory, and Leadbelly Morton has a New Orleans musician so completely captured the imagination of the public.

Fats has scored a truly staggering success in every facet of show biz. As a recording artist, he has sold over ten million records in the past three years alone, including his sensational renditions of "My Blue Heaven", "When My Dreamboat Comes Home", and "Blueberry Hill" on Imperial Records.

He has played many of the country's leading night clubs and theatres attracting SRO biz everywhere. When he headlined the rock 'n' roll show at the Brooklyn, Paramount, he broke all box office records.

Fats has often been called one of the great exponents of R&B. When asked about the popularity of the new musical craze, Fats explains: "There's nothing really new about the music. I've been playing it ever since I can remember, only we know it as Rhythm and Blues. Actually, it started in New Orleans 15 years ago. It comes straight out of Dixieland Jazz and has the same beat. And it's the strange beat that's made it so popular with the kids."

Many of Fats' great successes have been with tunes he has himself composed. They might best be described as folk songs with a rhythm and blues beat. Like all folk music, the important thing for Fats is that they tell a story. He gets his titles from colloquial expressions that have become part of everyday speech, like "Ain't That A Shame"? "Poor Me"? "Don't Blame That On Me", and "I'm In Love Again." As he puts it: "I write tunes about what people say. Whatever you say, if it sounds catchy, I put in a tune. Sometimes I'll be talking to a friend, and he'll say something that sounds good, so I'll call out, 'Put that down, it's a song!'"

An entertainer like Fats just doesn't "happen". His talent is the result of a lifetime of hard work and application. He was born Antoine Domino on February 26, 1928, in New Orleans. Although he was the only one of 9 children to show an interest in music, the family was not an unmusical one. His father was a violinist and his uncle had played with such famous jazz aggregations as those of Kid Ory and Oscar Celestin.

Fats first displayed his musical talents when he was barely out of short pants. One of his cousins left an old upright piano with the family. The youngster was fascinated with the instrument and, in no time, he was able to pick out simple melodies. By the time he was 10, he was playing the piano and singing for pennies in the local honky tonks. But in order to keep body and soul together he had to go to work in a bedspring factory to help support the family. But every chance he got to play the piano, he jumped at it. However, an accident almost put an end to his musical ambitions. One of the heavy springs at the factory fell and gashed his hand. Several stitches were necessary, and there was even

a question of his being able to move it again. By sheer force of will and adherence to a rigid set of exercises, he gradually regained the use of his fingers and was able to play the piano again. To this day he carries a long thin scar as a painful reminder of the incident.

Fats rapidly developed into a musician's musician. All the players in town got into the habit of dropping in to hear him beat out those rhythm and blues. Because of his popularity with his fellow artists, Lew Chudd, president of Imperial Records, first heard him. After a few numbers, he immediately signed him to a recording pact.

From the very beginning, Fats was a success. His record sales sky-rocketed and his early training in the clubs around New Orleans made him an ingratiating and much-sought after night club and theatre entertainer.

At 29 Fats Domino has managed to become one of the top artists in the field. He still makes his home in New Orleans. He is happily married and the father of six children. His 5-year-old son is something of a virtuoso on the piano and drums.

Fats' career has been an exciting one, and there are new roads opening almost every day. Twentieth Century Fox flew him out to the coast for a featured appearance in "Do Re Mi" the first big movie production devoted exclusively to R&B. His records are doing well all over the world and the next step, after his R&B tours, seems to be a European one.

When he was asked what he thought of the idea of touring Russia as part of the U.S. State Department Cultural Exchange Program, he replied: "If those cats like to dance, they'll dig my kind of jive."

# the H<sup>3</sup> chrono-matrix file!

PART TWENTY-ONE (cont'd from RR 215/216) - HHH BEGAN IN ISSUE 175/176

from ed. LK:

## Harold H. Hartel

HAROLD H. HARTEL

Newton Falls Ohio 44444

The file is the brainchild chronological listing with concurring phonograph record matrix (master) numbering by HAROLD H. HARTEL who uses the abbreviated H<sup>3</sup> signet to authenticate himself. Harold has ingeniously 'ravished' the pages of Brian Rust's 4th edition, 2-volume, 1996 page compendium, JAZZ RECORDS 1897-1942. Harold has systematically selected the earliest JR entries in 1897, and has proceeded to carry the chronology (chrono) up through the years. In order to fully appreciate Harold's chrono-matrix file it is imperative to have Rust's 2-volume set where the real concentrated documentation does lie. For those who do not have these 4th edition volumes -and would like to get them, please write to RR (send return sse or postcard) and we will give you a lead. Harold has also referred to another volume in his files -that being the Godrich-Dixon BLUES and GOSPEL work. Owing to the fact that this volume is now out-of-print, the original as well as the 2nd edition, -and that much of the material has been incorporated into Rust's 4th edition, the original B&G(BG) pages that Harold lists, serve only as a source chain to Rust's 4th edition of his JR.

Now for a brief explanation of H<sup>3</sup> Chrono-Matrix files. Any underlined matrix number is presumed to be rejected (eg. Nov. 24, 1903, C-746-1). And if you see a hyphen in a column where the numerical of the date appears -that means that "during the month, definite date unknown" (eg. see April 1922 OM5 - Gypsy Blues 20139-2). There's a heck of a lot of abbreviations in the listing. The seasoned researcher will know most of them. Rust's JR volumes will certainly help, too!

#### BULLETIN

Reader Albert Kuechle of Newark, N.J., who has a pretty large collection of LW's, has submitted many artists' ID's, for which thanks are due and herewith expressed publicly. Several are for records listed earlier; these are given below. Many more will appear in the body of the listing, and with one exception will not be specifically flagged. He is also responsible for the addition to this listing of numbers 1552 and 1701, previously untraced. Here goes:

859: Lewis James  
1196: Irving & Jack Kaufman, NOT Van & Schenck  
as listed in Rust's CED(Complete Entertainment  
1232: Fred Whitehouse /Discography)  
1237: Henry Burr  
1238: Jack Kaufman(covering Al Jolson;LK,  
take notice - GB)  
1247: Chas. Hart & Elliott Shaw  
1270: Jack Kaufman  
1292: Lewis James  
1309: Frank Crumit

Al(AK): -Thank you again for your aural ID's of LW 1332,1333,1353,1354,1392, 1415 & 1439 contained in this LW installment -all of whom you have ID'd as FRANK CRUMIT. What a bonus for Crumit fanciers and discographers! Frank was apparently an exclusive (no name!) LW artist of great popularity from the early LW 1300's up. More from AK in forthcoming installments! -Ph

(continued Experimental Little Wonder research by LK)

We continue our cross reference statistical approach. We list the Little Wonder catalog number which will be followed by the name of the artist(s) doing a similar recorded title on Columbia Records. If you have any of these items which follow, listen to them and see if they concur with our statistical evaluation...

Date-wise! we are dealing with 1920 recordings: 1327(Frank Kemplain); 1353(Crumit -AK confirms this aurally) (of interest is an unissued version of this title recorded on Columbia 2 weeks after the Crumit recording); 1363(Prince's Dance Orch.); 1370(Art Hickman Orch.&Frank Crumit); 1371(Art Hickman Orch.); 1382(Peerless Quartet); 1386(Yerkes Happy Six); 1410 (Prince's Band)...

Those of us who would like to have an insight (no pun intended!) into what the various numericals relate to in Ray Wile's extraordinary research compilation - may we take this opportunity to give you a definition of a sampling statistical entry. A magnifying glass will certainly enhance your appreciation of this brilliant discographical endeavor from colleague Ray Wile. Some day a hungry computer will voraciously dine on all the statistics we avalanche into Record Research Magazine - and who is more adept to feed them on Edison statistics? It has to be the indefatigable Ray Wile.

Okay! folks! Clean the dust off your magnifying glasses - and here we go...

Let's analyze the first entry for you.....  
On January 18th, 1929 the **GOLDEN GATE ORCHESTRA** (California Ramblers) recorded for EDISON RECORDS, the title being, "BUTTON UP YOUR OVERCOAT". The FT(Fox Trot) was assigned a N(Needle-Cut - lateral) matrix number of 710. Two takes consisting of A which was described as OK, -and B were recorded of the selection. It was assigned an Edison catalog number of 11035. The title was coupled by another Golden Gate Orch. recording of "I Want To Be Bad"(W711)(see the title directly under "Button Up....". "Button Up...." was also recorded vertical cut (hill&dale) with a matrix number of 19019 with three takes A,B,C. It's a good bet that all three takes were issued. The assigned vert.catalog no. was 52513. Like its lateral Needle-cut counterpart it was coupled by "I Want To Be Bad". And not to be outdone Edison issued "Button Up...." on cylinder catalog number 5764. So this title enjoyed issue on three very different recording vehicles. Now.... regarding unissued vertical tests (which was not the case in the above) - the tests would be assigned still another numerical designation, so described as "vert. test A&B on Ed ----" (eg. see Mar.2.. Moriz Rosenthal record date for the vert test Ed enumeration. For other info. see Ray's foreword on cover of RR213/4.

# **DIGGIN' THE GROOVES BOB DAVENPORT**

It seems I have my work cut out for me once again, with a HUGE pile of reissues to report on in RR this issue. If this keeps up Len may have to give me an entire page!

Let's get to Take Two (P.O. Box 36729, Los Angeles, Ca 90036) first with 5 delightful releases. There's a good variety of types of artists, and as usual the quality is excellent:

- TT-111: This is an LP of airchecks from 1937-39 featuring a gal who has been overlooked of late. Gertrude Niesen was a fine singer with a style all her own.
- TT-112: A 1931 classic featuring Gus Arnheim & His Cocoanut Grove Orch. Vocals by Loyce Whiteman, Jack Smith, the Three Ambassadors, Dave Marshall (a fine singer), Donald Novis, and Bing Crosby, in two previously unreleased "live" items found on a "battered transcription of unknown origin"...
- TT-218: All of the other items are from syndicated shows. Another artist long over-looked in reissues is the orch. of Little Jack Little, and here we find 14 titles, all featuring the vocal style of Jack, as well as his orchestra.
- TT-219: This one's called "Helen Kane and other Boop-Boop-A-Doopers", and besides Helen, we hear Annette Hanshaw, Mae Questel, and "The Mystery Girl", who it is reported was Kathryn Wright. Period covered is from 1929-1936.
- TT-302: Is a super package of air shots by Alice Faye when she and Phil Harris had their own radio show. Phil joins her in one number, "Baby It's Cold Outside".

Only one item from Sunbeam (13821 Calvert St., Van Nuys, Ca 91401) this time, but it's a good one!

HB-325: Freddy Martin & His Orch. from 1932-34. Vocals are by Elmer Feldkamp and Buddy Clark, and Bunny Berigan is on some of the earlier sides. Some of the pseudonyms used by Freddy are on this LP, such as Ed Loyd, Bob Causer and the Hotel Bossert Orch.

Broadway (Box 100, Brighton, Mi 48116), is a small company, but they consistently turn out interesting releases. I have 3 of these newer ones in front of me now:

- BR-117: This is called "White Hot Jazz" (1927-30) and features several groups, such as Jackie Souder, Joe Venuti, Boyd Senter, Kay Kyser (yes, Kay played "hot" in the early days!) and others.
- BR-119: While "Deep Blue" goes back to a rather early period, 1926-1928, it's an item I'm certain will interest many readers since it features Paul Ash & His Orch. As far as I can recall this is the first time a reissue has been released by this artist.
- BR-134: Is a must for Crosby collectors! It's called "Just for Fun", Vol. 4 and it's entirely made up of the famous Bing goofs and blow-ups, and unissued "takes" from 1931-1952.

Now to Joyce (Box 184, Zephyrhills, Fla 34283) and 7 new items. The 1st 3 are "in Disco Order" series, the 2nd 3 in the "one Night Stand" series, and the last from "The Big Band's Greatest Vocalists" series:

- Ajazz 430: Glen Gray & The Casa Loma Orch. from 1/28/37-3/5/37. Vocals are by Kenny Sargent and Pee Wee Hunt, with Larry Clinton and Glen Gray responsible for some of the charts.
- Ajazz 431: Here is the later Artie Shaw, from 7/2/53-Feb. 1954. All titles are instrumental, and this band included such greats as Billy Butterfield, Lou McGarity, Hymie Schertzer, Al Klink, Bernie Leighton, etc.
- Ajazz 432: Another "later" LP, this time featuring Tommy Dorsey from June-Aug. 1953. Johnny Amoroso and Gordon Polk handle the very few vocals, and Neil Hefti and Bill Finegan some of the arranging.
- Joyce 1135: Louis Armstrong "live" from the Empire Room in Hollywood in the late 40's. What can I say, but great!
- Joyce 1136: July 18, 1946, and May 1946 broadcasts of Vaughn Monroe, with vocal by Vaughn, Betty Norton and the Moon Maids, and Ziggy Ralant. Guest artist is Jack Teagarden!
- Joyce 1137: Here we have Gene Krupa on 8/15/46 and 2/11/46 broadcasts. Carolyn Gray, Anita O'Day, Helen Forrest and Buddy Stewart are the vocalists. (Helen sings "Drum Boogie"!)
- Joyce 6044: This is Vol. 2 by Peggy Mann, and you can hear her efforts with the Larry Clinton band and Teddy Powell. If anyone could replace Bea Wain with Clinton it had to be Peggy Mann!

From Kay-O Records (P.O. Box 1, Norco, Ca 91760) one item of interest to collectors of hotel type bands.

- KDM-1000: 16 "cuts" by the Del Courtney Orch. of 1939, and one that should be a welcome addition to your library!
- Now to Bainbridge (P.O. Box 8248, Van Nuys, Ca 91409 8248) and 2 items received a while back:
- BT-6235: Sylvia Syms, featuring Ellis Larkins at the piano, I'm sure will be welcomed by many. Sylvia had a way with a song with feep jazz roots.
  - BT-6236: Here we have the sometimes raunchy (but not here!) Jaye P. Morgan, who was always a good singer and a favorite of fine. That is, until The Gong Show!

Now RCA. No address as RCA does not sell direct. (Check your local record shop):

- AFL1-5430: "Elvis". While all of this material has previously been released, maybe you didn't get it the first time around, or maybe your copy is worn out. So, update!
- AFM1-5363: "Rock and Roll, the Early Days" is a beauty! Just imagine: On one LP you can have Elvis, Bill Haley, Chuck Berry, Jerry Lee Lewis, Little Richard, Wynonie Harris, "Big" Joe Turner, Carl Perkins, Bo Diddly, "Big Mama" Thornton, and The Chords! This is Rock 'n Roll history!
- AFL1-5181: The late Sam Cooke Live at the Harlem Square Club in 1963. You can feel the excitement on this one, and of course, Sam does some of his hits.
- AFL1-5458: A new John Denver, and I've said it before: John is a fine entertainer and composer, and so refreshing on today's scene of heavy metal and punkers.

Well, go get 'em! That's all I have for you this issue! Comments or questions should be addressed to me at 221 Prune Tree Dr., Healdsburg, Ca 95448. For info about my custom taping service also write to that address.

RR coming attractions: Ragging The Classics; Black Patti vs. the Gennett ledgers; rare Victor Canadian AURORA label listing; Capitol Records 15000 series; the early 30's CROWN listing (nearly 100% complete); the Gennett-Bell connection listing, Gene Kardos, etc. etc.
